I have been practicing in the helping field since 1990, since 2008 as a supervisor. I have worked as a child care worker, in a residential treatment center, as a Clinical Counsellor and Clinical Supervisor with over 2500 hours as a supervisor. My experiences as an immigrant, person of colour, caregiver, spouse and father inform my practice. My love of spirituality, books and travel are passions I bring into my Supervision Relationships with those whom collaborate. I like to colour outside the lines.

Trauma informed, CBT, Narrative, Expressive therapies and feedback informed practices are of interest and inspiring people to be their very best. I want to help counsellors and supervisors be passionate about what they do and to develop a deliberate practice that works to raise their commitment and connection to those whom they help.
