I'm Gloria Thiessen, a seasoned counsellor and psychotherapist. Over my 25+ year career, I've cultivated a broad range of trauma and addiction related experience, working with individuals and groups from a wide variety of sectors. This rich body of experience has enabled me to bring a keen and skilful eye to the role of clinical supervisor.

I enjoy supervising the graduate student just embarking on their career, as well as the more experienced psychotherapist. Because I have an extensive background as a body-centered practitioner, particularly through the Yoga tradition, I resonate with those who come to the work from a body-centered lens.

At the end of the day, it'll be about whether we'll be a good fit to work together. And for that, we'll need to connect. Feel free to reach out. I'd love to hear from you.
