Hello and welcome. I'm Matsui, a multiracial, neurodivergent, queer, trans and nonbinary settler with ancestors from Japan, Belgium, France and Ireland. I'm grateful to be living and working on the unceded, ancestral and traditional lands of the Musqueam, Squamish and Tsleil-Waututh nations.

I am a registered clinical counsellor and clinical supervisor with over a decade's experience working in trans, nonbinary and Two-Spirit wellness and health, including gender affirming care.

I believe that who you are matters on a personal and professional level, and I often work with people with intersectional identities, including queer, trans and BIPOC therapists. I value clinical supervision as a relational practice that honours our own path while meeting our clients' needs. If you are someone seeking joy and fulfilment in your work through social justice doing, with an overarching goal of collective healing and liberation, I may be a good fit for you.
