Hello, my name is Janice Michieli, RCC-ACS (she/her). I have obtained a master's degree in counselling through the City University of Seattle and an active member of the British Columbia Association of Clinical Counsellors (BCACC), and am an approved clinical supervisor (ACS) through the BCACC. I have been working in the area of counselling for 20 years and have supervised several students at the agency where I worked. My style is to help, support, and engage students to question and explore whom they are by examining their own personal beliefs, morals, ethics, and general understanding/curiosity concerning human behaviour. I use many modalities including Bowen Family Systems Theory, Rogerian, Satir, and Solution Focus to name a few. The main focus of my work has been working with folks (child/youth/adults) who have experienced sexual/physical abuse, anxiety/depression, and family/couples work.
