

Dr. Tamara Dalrymple RCC-ACS

Dr. Tamara Dalrymple (PsyD, MA, RCC-ACS) has been practicing as a Registered Clinical Counsellor for over 20 years. She is also board certified in EEG Neurofeedback (BCIA). In addition to her current role as Associate Dean, School of Behavioural Sciences at Yorkville University, Tamara has extensive experience working in various clinical settings including private practice, community mental health, and educational settings. Tamara mostly draws upon the Discrimination Model of Clinical Supervision to deliver clinical supervision based on supervisee needs, levels, and stages of professional development. Her main areas of clinical focus include anxiety, depression, and trauma.
